

## White Knight Commercial Funding

For Immediate Release: 08.09.2011

**Banking Freeze + Market turmoil = Equals Growth for**

**NE Wisconsin Alternative Financing Company.**

**White Knight Commercial Funding**, a private financial services company today announces the hiring of two Commercial Loan Officers, expanding the firm's services to Green Bay and Sturgeon Bay.

Many Wisconsin Business owners may recall working with Les "Butch" Berns, who was a commercial loan officer with BayLake Bank in Sturgeon Bay. Mr. Berns was with Baylake for over 21 years, and managed a loan portfolio that grew to over 120 million dollars. Mr. Berns will manage the Sturgeon Bay office for White Knight, which is headquartered in Lena, Wisconsin.

Also joining the firm as a Commercial Loan Officer is Chris VandenAvond, formerly Vice President of Patriot Mortgage Services, where he worked the past six years. Mr. VandenAvond will manage the Green Bay Office for White Knight.

"This is an exciting time for us – we have seen tremendous growth. Three factors in the market today are contributing to our success: The first: The fact that getting loans from traditional sources such as banks has gotten very difficult.

The second: *Businesses still need money.* The third: investors are tired of getting knocked around in traditional investments.

White Knight serves all three needs by providing borrowers with non-traditional financing such as equipment financing, and AR (Accounts Receivable) financing, securities financing."

"We are returning very attractive rates to our private investors, many of whom who are utilizing Self Directed IRAs to lend money to area businesses concerns or to purchase discounted bank notes. This isn't sending your hard earned money off to a suit somewhere in New York City...this is putting your money right on the street here in NE Wisconsin, where you can drive by and see it!"

Those wishing to learn more are invited to the company's website: [www.whiteknightcf.com](http://www.whiteknightcf.com).
